The officers kept the expense to only \$ 3000.00 (\$ 500.00 under budget!) Sleds and forecarts were purchased from Harley T. (Thank You Harley for offering the equipment to the Northern Chapter) and will be available to rent for CDHA approved shows. Thank you to everyone who was part of the decision making process, transaction process and a special Thank You to Jim B. who helped make the final total purchase possible and has taken care of getting the equipment hauled and safely stored until further decisions are made on use, storage and hauling specifics.
- Association with NWSS for equipment rental is in the works. Thank you Jack T. for getting the ball rolling on this. Shandy has been in contact with NWSS and will be in contact with Big Thunder soon regarding equipment rental for their shows.
- Discussion of possible flatbed trailer purchase for hauling the newly acquired equipment. Stay tuned to future Northern chapter meetings. Jim B. has offered to assist with this as well. Details will be ironed out and voted on in the near future meetings.
- Discussion of show budgets allotting monies for getting the equipment hauled/delivered/returned. Again, details will be ironed out in the near future meetings. For the Weld and Larimer shows, Jim B. has graciously offered to make sure the equipment is delivered! Thanks Jim B.!
